QUEREL TRAILERS

2008 Canuck Tandem End Dump

Canuck's tandem end dump trailers are designed and constructed using highly advanced computerized technology, which allows these all-steel units to offer extreme durability, performance and still be a plus with today's compatible market. Canuck's trailers are fully backed by a tough five year limited warranty.

Our Tandem comes in various configurations:
Full frame Light weight option, Greater stability,
Internal ground harness, Webco ABS,
Better weights, and Better payloads
Canuck Trailer Manufacturing Ltd. can also CUSTOM build your next trailer to meet the high demands to your business...
